STANCOR PUMP & CONTROLS
Monroe, CT
<http://stancorpumps.com/>

Stancor™ has proudly served the building trades, construction, industrial, mining and power generation markets with customized solutions of pumps and controls that create the industry's best payback as defined by our customer's operational efficiencies.

AK INDUSTRIES
Plymouth, IN
<http://www.akindustries.com/>

We manufacture and assemble large fiberglass lift stations with capacities up to 10,000 gallons for municipalities as well as the small capacity ejector basins for the residential market. We manufacture a line of polyethylene septic tanks, sump pits, basins, and plumbing accessories.

COUGAR SYSTEMS

Houston, Tx

<http://cougarusa.com/systems/>

Cougar Systems is our Manufacturing Company offering fabricated systems with UL listed control panels. Cougar Systems holds UL Listings 508a and 698a for an industrial control panel shop.

CURFLO

Houston, Tx

<https://www.curflo.com/>

Curflo is a premier manufacturer of aftermarket ANSI B73.1 pumps and parts, which maintains an expansive, multi-million dollar inventory in our 32,000 square foot facility. Along with the ANSI product line, we offer the 12x14x22 blender discharge pump and parts, fully interchangeable with the OEM manufacturers.

LOCHINVAR

Lebanon, TN

<https://www.lochinvar.com/>

Able to provide Lochinvar Water Heaters and accessories for all plumbing jobs. CEC has an agreement with Corken to be able to sell the plumbing and any service work that we might receive.

HYDROFLO / TACO

Cranston, RI

<http://www.tacocomfort.com/>

Hydroflo is the Industrial and Municipal version of Taco pumps. They also offer Vertical Turbines that are of great quality and competitive. CEC is able to provide TACO because of an agreement with Corken to sell it anywhere that we find a suitable application.
